Task: Look at the questions on the bubble sheet. Now in the speech bubbles below, write your answers in bullet point form.
Moving the Slate

Task: Using your notes now write an account, either Describing or Explaining how slate was moved. Look at some recent pictures, how does that compare to the methods used today?
Moving the Slate

What is the name of this truck?  
How did it move inside the mine?  
What was it used for?  
What is it made from?  
How much slate could it hold?  
What is its capacity?
